

Final Exam Schedule

Fall 2024

This schedule applies to full-semester, traditional undergraduate courses. Eight-week courses meet as usual during the 8th week of the course.

The left two columns show the course meeting times. The examination time for each course meeting time is indicated in the right three columns.

The **location** of your final exam will be in the same location as your course has been meeting through the semester, *unless your instructor notifies you of a different location.*

Occasionally the **time** of your final exam must be changed (e.g., multiple sections taking the exam at one time). If that is the case, *your instructor will notify you.*

If the **time** for your course crosses class time slots, *your instructor will notify you when your final examination will be held.*

Hybrid (HYB) courses are scheduled for the timeslot indicated. For example, if a course meets at 7:50 on M, the examination time is the same as that of the 7:50 MR timeslot. If you also have a course meeting at 7:50 on R, *notify both instructors to schedule a make-up exam for one of the courses.*

Courses that are asynchronous, indicated by **ONL**, do not have scheduled final examination times. Instructors, however, may arrange times up to and including Friday, Dec. 13.

Group exams, exam conflicts, and make-up examinations are arranged with the instructor, with times up to and including Friday, Dec. 13.
